I'm so glad that you downloaded our 2015 Holiday Cat Gift Guide! Below are cat toys, games, cat treats, cat beds, cat towers, cat scratchers, cat dishes, cat stocking stuffers and more that made this year's gift guide. They are listed under various categories that are bolded to set them apart from one another. Under each listing are 2-3 links – one to our review of the product, one to a YouTube video we've done with the product and a third a link to where you can buy it. Please note: product pricing may fluctuate from the time this guide was made. The price listed is to give an idea of how much the product costs. If the manufacturer is offering a discount code this year, I have included that as well. For those listings that don't have all three, it means we just haven't reviewed them or didn't do a YouTube video during our review. Please know I did not receive compensation in selecting these items, I do not allow sponsorship for our Holiday Cat Gift Guide.
